HARVEST CHICAGO WEST (AUSTIN)

About the Family

I have been married for six years to my wife, Danielle. We have two sons, Benjamin (3) and Judah (1). We live in Chicago on the West Side.

About the Church Plant

Our church launched on Easter Sunday in March 2016. We meet on the West Side in the Austin Community. We hold our services at Michele Clark High School and are extremely active in the school and community. We spend a lot of time with the youth and families from the community.

Our presence in the high school has brought many to our church. The school principal, assistant principal, two teachers and many from the basketball team all attend our church regularly. God has been opening so many doors for ministry, and we have seen much fruit. Our weekly attendance ranges from 120–170 adults and children on a given Sunday. We seek to reach the community with the gospel and meet practical needs as the Lord provides.

Find out how you can

Pray.
Participate.
Provide.

PRAY.

Please pray for the peace of the city. Pray that God would continue to give us favor as we reach out to the young men in the community. Pray for more jobs and economic opportunities. Pray for a harvest of souls to be won in this community for Christ.

PARTICIPATE.

First and most important, we need prayer. Also, we could use partners for urban initiatives. Partnerships would provide more resources for jobs and ministry opportunities. It's important for our community to know they have support and encouragement from another churches.

PROVIDE.

There are numerous ways to help a church plant. Please visit sendnetwork.com/planterfunding for NAMB's policy on providing for church plants.
