IMPACT CHURCH (FESTUS)

About the Family

Theresa and I have been married 24 years and have four kids: Andrew 18, Savannah 16, Sylvia 15 and Isabelle 12. We love the local church and by God's grace have raised our children to know and love God. They have responded to God's call on their lives and have gone public with their faith in Jesus through water baptism.

We are currently preparing to send our son off to our alma mater, Hannibal-LaGrange University, this fall 2017. Our children have grown so much through the process of recently serving as a foster family for children in our community. To see the spiritual growth in our children through the process of church planting along with fostering has been one of the greatest blessings in our lives.

We have been a homeschool family and have also engaged our public school system as our oldest two attend high school at Festus. Each experience has grown our kids and our family. We look forward to God using us to impact our community for Christ.

About the Church Plant

God has called us to plant Impact Church in our community to help common people like us connect to the uncommon love of Christ. We seek to demonstrate God's love through acts of service to open doors for gospel conversations that can impact eternity. More than 80 percent of our community does not attend church. Our county has more than 700 children in foster care. We seek to see that change.

We have been gathering since early 2016 in our home. In 2017 we have been demonstrating God's love as a church through various outreach efforts to engage our community. We have been very well received so far. We currently meet on Sunday mornings in Festus Middle School for services with a grand opening scheduled for September 10, 2017, Lord willing.
