REDEMPTION CHURCH (SOUTH OGDEN)

### About the Family

I am the leadership pastor and lead planter of Redemption Church. I have been married to my wife, Jenny, for 13 years. We have three children: Emma, Paige and Ryan. We met at the University of Indianapolis in our freshman year of college. We graduated from Huntington University.

We were in full-time ministry in South Carolina for 13 years. During that time, we were in ministry in Charleston and Manning. We were called to be part of Redemption Church in 2016. We have been incredibly blessed by what God has done for our family and the community around us.

### About the Church Plant

Redemption Church is about 3 years old and currently meets in a rented performance arts theater near downtown Ogden and Weber State University. Most of those who attend are young families and college students. We exist to engage people to follow Christ with bold, life-changing purpose.

Close to 98 percent of the people of Utah are lost, believing either a false gospel or nothing at all. We engage people through friendships, block parties, serving our community and, most important, through sharing the biblical gospel of Jesus Christ. We meet every Sunday at 10:30 a.m. and have community groups meeting throughout the week in various areas of the city.
