About the Church Plant

At Christ Fellowship, we're passionate about the gospel, community and mission. We show our passion for the gospel by focusing on the good news of what Jesus has done to make us right with God, not good advice on self improvement. We show our passion for community by coming together to love and serve one another rather than living isolated lives based on serving our own self interests. We show our passion for mission by being a church that exists not for the good of ourselves but the good of our community and world.
