CONNECTION CHURCH (ASTORIA)

About the Family

My wife, Kari, and I have been married for 14 years. We have four children: three daughters and one son. We adopted our two youngest children, a twin boy and girl, through the foster care system and desire to encourage other Christians to pray about how God wants to use them to care for orphans.

As a college graduate with a Bachelor of Business Administration, I didn't see myself becoming a pastor until four years after college. My wife felt the call of God into ministry with me, and we moved away from family to attend seminary and serve as a youth pastor. I graduated with a Master of Divinity in 2010 and have been in ministry for more than nine years.

After marrying in 2000, my wife and I faced the reality that marriage wasn't what we thought it would be. After years of ups and downs our marriage has been strengthened by the truth of the gospel. We love speaking God's hope and good news into young couples, joining with them to enrich our marriages to thrive the way God intended.

About the Church Plant

We moved to NYC in August 2011 with another family, Larry and Lindsey Mayberry, to plant a church in the most diverse neighborhood in the world. In September 2012, we started weekly services. Our goal is to get this church plant in a position to send out a group of people to plant another church. Then we want to do that again and again. NYC needs hundreds, if not thousands, of thriving gospel-centered churches.

People from all over the world live right here. When they come to faith in Christ, they're a natural fit to take the gospel to their people. They know the culture and the language, and they now have trusting faith in Jesus. We are already actively sharing the good news of Jesus in other countries through new believers!

Find out how you can
Pray.
Participate.
Provide.

PRAY.

- We need the local church to adopt the vision of church planting as their own. This is happening!
- We need resources for this and future plants. This will happen!
- We need ethnically diverse future planters! This will happen!

PARTICIPATE.

We need missional partners, serving alongside us through major events, such as Easter egg hunts, trick-or-treat or Christmas tree lighting. We also have small, regular community building programs in parks and neighborhoods. We need people of prayer who want, more than all else, to see all people come to embrace the gospel.

PROVIDE.

There are numerous ways to help a church plant. Please visit sendnetwork.com/planterfunding for NAMB's policy on providing for church plants.
