Drake Elkins

CITY CHURCH, BOULDER (BOULDER)

About the Family

Drake and Danielle met at their Sending Church, fell in love and were married in October 2010. They have one child, Greyson, who was born December 21, 2015.

They both earned their undergraduate degrees from Dallas Baptist University. Drake completed his graduate work in theological studies at Southwestern Baptist Theological Seminary. Drake was hired on staff at Alliance Baptist Church in 2008 and assumed the role of student pastor in 2010.

During their seven years of student ministry, they had the privilege of seeing God change the lives and eternities of hundreds of students in North Fort Worth. Under Drake and Danielle's ministry many students have been developed, equipped and empowered to become next generation leaders.

In 2016, Drake transitioned from student ministry to associate pastor at Alliance in preparation for church planting in Boulder.

About the Church Plant

City Church Boulder exists to help people find their way to God from where they are. We are a church in the city, for the city. Our heart is not to open the doors and wait for people to come to us, but rather to be the church Jesus has called to the world. We take Jesus seriously when He told us to love our neighbors, so that's what we do.

We're praying for a move of God in Boulder where normal "Joes" like you and me can love Jesus and our neighbors consistently and transparently and, as a result, His supernatural intersects with our natural, and we see life change.
