

Mark A. Dabney

DISCIPLES' CROSS INTERNATIONAL MINISTRIES (GWINNETT)

About the Family

I am married to Linda Dabney. We met in church and have three sons, a daughter and three grandsons. I am bivocational, and my secular occupation is a software tester.

My wife is a powerful psalmist. She leads a women's ministry that helps to build women back up through love, compassion, gentleness and the Word of God.

Before I started planting this church, I started a youth ministry at my previous church. I served as the youth pastor for nine years along with being an associate minister there. I have gone on two mission trips to Jamaica, and my wife and I both ministered about a year at the homeless shelters in downtown Atlanta. We are service oriented through the leading of the Holy Spirit. We are just humbled that God chose the two of us to work in His vineyard.

About the Church Plant

Our church plant is a place where Jesus Christ is the foundation of the church—where every nation of every ethnic group can serve God freely, love freely and serve others willingly and where we make disciples that make disciples that make disciples.

We are planting a diverse church like the universal church. We are committed to winning the lost to Christ and to tearing down racial and cultural barriers. We are determined to win souls for Christ through being heavily involved in the community. As we are in the community, we plan to share the gospel with everybody we meet. Our desire is that people of all races will begin to see each other as humans beings instead of races of color.

Find out how you can

Pray.

Participate.

Provide.

PRAY.

Our prayer requests are that we would share the gospel with every person with whom we come in contact. Pray that all our fears and apprehensions are replaced with the faith and power that God has imparted into us through the Holy Spirit.

PARTICIPATE.

Others can participate with us by sending someone who speaks Spanish to help us infiltrate the heavily populated Hispanic area in which God has called us to plant. When we do community events, support us with resources. We could use help in leadership training and spiritual guidance through this church planting journey.

PROVIDE.

There are numerous ways to help a church plant. Please visit sendnetwork.com/planterfunding for NAMB's policy on providing for church plants.
