## About the Family

Leaving their jobs as a lawyer in the Supreme Court and a dentist, Alex and Indhira, moved to Toronto from the Dominican Republic to join God's movement of church planting across the Greater Toronto Area.

Alex and Indhira have served many years in the church through pastoral ministry and leading worship. Indhira and Alex enjoy a strong marriage because Jesus is the center of it, and through Him they can do anything.

They want to share with their community that joy and abundant life only the Holy Spirit can give. They love to travel together, exploring new places. Indhira enjoys dancing and Alex loves sports and music. Alex plays guitar and piano and is a composer of many worship songs.

## About the Church Plant

Our church will work with the community to create strong, united families through the power of Jesus operating within them. Building healthy families upon a solid foundation of the values of the kingdom of God will give them security and power to influence society and make the city in which they live A Better City.

Loving, accepting, caring, teaching and providing will be the norm in A Better City Church. Not only do we have the desire to plant a church, but our aspiration is to reproduce ourselves in others. That's the reason our main desire is to be like Jesus; because we teach what we know, but we reproduce what we are.
