About the Family

I met my lovely wife, Samantha, at Gardner-Webb University in North Carolina. We were married August 3, 2001. In 2005, we moved to Cincinnati so Samantha could pursue a master's degree in vocal performance at the Cincinnati Conservatory of Music. Over the past 10 years, God has given us a heart for this city, and we are excited to be part of such a diverse and growing place.

We have two amazing sons, Syler and Sterling. Syler is 4 and Sterling is 2. We are expecting our third child in August 2015.

About the Church Plant

Velocity Church held its first service October 12, 2012, at a local elementary school on the west side of Cincinnati. At the beginning of 2015, God moved in a tremendous way by allowing us to occupy a permanent place in Price Hill, a neighborhood of Cincinnati. This has positioned us in an amazing way to reach people with the gospel.

Our vision is to change the way people experience church. We want to accomplish this by being both missional and attractional. Our goal is to teach our people to be the church in their everyday lives, where they live, work and play. We also want to create irresistible environments where people can experience the refreshing love and grace of God in our services and programs on Sundays.
