About the Family

Hi, my name is Eric McDaniel, and I am blessed with my amazing and beautiful wife of 33 years, Vickie, and our 20-year-old son, Aaron, whom we adopted at three months. I have a successful background in retail management and as a district manager for two food-supply companies. Vickie has a strong background in landscaping, jewelry design and the floral industry. Aaron works as a technician for a geotechnical firm here in Las Vegas.

God "rocked our world" in 1994 when we went on our first mission trip to Belize, where our eyes were opened to God's activity around the world. This trip and many others over the years created a hunger to share the gospel wherever and whenever God may lead us.

In 2001 we moved from Memphis, Tenn., to Las Vegas to help plant Hope Church. We have helped start others in Las Vegas since then.

In 2013, God allowed us to begin serving the hundreds of refugees living in Las Vegas from closed countries all over the world. We moved to urban Vegas, where they live.

About the Church Plant

Since relocating from the suburbs to urban Las Vegas, we have seen God do amazing things. He has allowed us to become close friends with unreached people from all over the world through divine appointments. Through these relationships, we are able to meet their physical needs in order to meet their spiritual need of knowing Jesus. God continually opens doors of outreach through ESL classes, community gardens, worship services, Bible studies and multiple apartment outreaches.

We are watching Him build His church, expanding His kingdom for His glory! The Holy Spirit of God is moving in Las Vegas! May the name of Jesus be lifted higher and higher as He builds Refuge Church among every tongue, tribe and nation in our city.
