OPEN DOOR COMMUNITY CHURCH (SHERWOOD PARK)

Find out how you can

Pray.

Participate.

Provide.

PRAY.

- Pray for a location we can meet on Sundays. We are struggling to find places in our area that would be open to a church meeting.
- Pray for people who are willing to reach out to the lost and willing to walk with them when life is messy.

PARTICIPATE.

- Send teams for outreach in our location. We could use help reaching out through different events, surveys and other methods for reaching the lost.
- We need mentors/coaches for our leaders. We could use help from those who have experience in helping leaders grow.

PROVIDE.

There are numerous ways to help a church plant. Please visit sendnetwork.com/planterfunding for NAMB's policy on providing for church plants.

About the Family

My wife and I have been married for 30 years. We have three children and three grandchildren. We have been in ministry most of our married lives in some capacity. I am an Oklahoma Baptist University grad and finished my formal education at the Canadian Southern Baptist Seminary. I have served in two other church plants as well as three established Canadian Southern Baptist churches. For the past 10 years, I have also been serving as a chaplain in the Royal Canadian Navy Reserve.

Our desire is to be where God calls us, and right now that is in the Edmonton area. Together we have a passion to reach people wherever they are in their journey and help them discover what a relationship with Jesus can really mean for them.

About the Church Plant

Our vision at the Open Door Community Church is to welcome people regardless of their situation and, by walking with them, help them discover what a difference Jesus can make in their lives. From the demographics of our community, we have discovered a thirst for meaning and a sense of community. We feel that with the help of God, we can fill this void in our growing community of close to 90,000 residents.

Our church plant really wants to explore what it means to have an authentic relationship with Jesus Christ, real relationships with each other and to do that as a community/church. We want to be more than just a Sunday gathering of religious people.
