### About the Church Plant

The mission of True Life Church is to evangelize and shepherd the lost and to help people uncover their God-given spiritual gifts for the purpose of accomplishing works of ministry. The vision of True Life Church is to equip the saints in order to plant churches for the purpose of winning souls.

Our community is made up of young families in the mid- to low-income bracket. The culture here is entrenched in outdoor activities and youth sports. Many families are in need of engaging ministries for their youth. Our strategy is to provide camps and youth activities that provide a safe place for young children to interact and grow. We have learned that by winning the attention of the children, we will win the whole family.
