RENAISSANCE CHURCH (LITTLE BURGUNDY / PETITE BOURGOGNE)

About the Family

My wife, Samantha, and I met in Winnipeg, Manitoba, starting our first church in Canada while I was a church planter with the North American Mission Board. We met in a Starbucks and quickly fell in love, marrying a year and a half ago. We moved to Montreal in January 2014, to work at planting our second church (Renaissance Church) in an area called Little Burgundy (a section of Montreal).

Samantha originally hails from Halifax and enjoys cooking, blogging/writing, having tea with friends, fitness and discovering new vegan restaurants. She is currently working on a degree at the Institute of Integrative Nutrition where she is studying hard to be a health and wellness coach.

I grew up all over the U.S., but claim to be mainly from Texas. I love the Dallas Cowboys, playing soccer and sneaking flowers into our apartment to surprise Samantha. Also, we are expecting our first kid, a baby boy, in January 2015, and couldn't be more excited at this time in our lives.

About the Church Plant

Renaissance Church is just beginning as a church with a small group Bible study, composed mainly of those within our launch team, and a once-a-month worship gathering on Sunday mornings going through the book of Genesis.

We are a church that values sharing our lives and the gospel message with the people in our community (1 Thessalonians 2:8). We love to have our partnering churches come and spend time with us, learning how we strive to live intentionally and missionally in Montreal. We hope this would impact your church when the team returns home. We are a young and small church, but we are seeing God open wonderful doors in our community.

Find out how you can
Pray.
Participate.
Provide.

PRAY.

—For more laborers to be sent into this harvest field to work alongside us (Luke 10:2).

—That we would see God the Spirit convicting hearts, convincing of the truth of Jesus, giving saving faith and sanctifying our friends.

PARTICIPATE.

We would love for your church to come and spend a week being on mission with us, both to help encourage us as a church plant and to help your people begin to think through intentionally sharing Jesus with their non-Christian friends through everyday, ordinary activities.

PROVIDE.

There are numerous ways to help a church plant. Please visit sendnetwork.com/planterfunding for NAMB's policy on providing for church plants.
