ETHNOS NEW BRUNSWICK (NEW BRUNSWICK)

### About the Family

I have been married for almost 15 years to an amazing woman, Yen-Yen. She is an educator (Ed.D) specializing in multicultural education and works in the public school system. We have two daughters, 9 and 10.

### About the Church Plant

Our vision is to plant global churches in global university towns. These are not churches simply for the university, but for the urban areas next to major universities, which since World War 2 have developed in their own unique way. We plant in these urban areas for the diverse population that lives and works there.
