NO ORDINARY CHURCH (SOUTHSIDE)

About the Family

My wife, Sabrina, and I are newlyweds. We are a beautifully combined family living in the south suburbs of Illinois. Sabrina works as a tutor for Joliet Junior College and as an adjunct professor at Trinity Christian College. She will be finishing up her doctoral program at DePaul University this summer. We are super excited about it!

I am a customer service representative for a company that works on behalf of many state correctional systems. My job is to remind, assist and collect fees from ex-offenders. I am currently finishing up my bachelor's degree in Divinity at Christian Leaders Institute. My plan is to pursue the master's program thereafter.

We're all about God and pursuing His purpose for our lives and helping others do the same. "KINGDOM people lead and build others to the KINGDOM for the KINGDOM."

About the Church Plant

Our church is looking to replant its roots on the south side of Chicago. We're a group of about 15–20 people with a mission to please God, preach Christ, perfect believers and plant churches. We will target the lost, hurting and unchurched. We plan to reach them in real, radical, relevant and reproducible ways.

We are diverse and casual and ESV Bible reading people. Our hearts aim to relocate and re-establish the church under a new name in a community that needs Christ. We hope to reach and impact that community with the gospel, with our lives and with our labor of love, using a system of discipleship, leadership, CPR and missions. We desire to provide outreach projects and programs in a multiplex style facility.
