RESTORATION CHURCH (CURTIS BAY)

### About the Family

I believe God calls people through brokenness. Through my own brokenness of heart and spirit, my wife and I were led to the Curtis Bay community of Baltimore. I met my wife in 2006, when I was a hard-headed, 17-year-old boy. Through the years we watched each other grow and mature from baby Christians to full fledged evangelists.

It's fascinating that we now patiently walk alongside our congregation, watching them grow and mature in Christ, and if the Lord didn't develop patience in us through relationship woes we might not fully understand that in ministering to God's people.

My wife is my advocate and my right hand. I may be the planter, but she is every bit as important and integral to everything I do as a planter. She is my spiritual accountability partner and my gift from the Lord. We serve the community together, and that is the way God intended.

### About the Church Plant

At Restoration Church we aim to build a community of believers who live an obedient, abundant life in Jesus Christ. It's so important that we provide the means to strong Christian living in a corrupt and sinful world. It's possible through the Holy Spirit, and we firmly believe that taking the time to walk with people at their pace in love and compassion makes the difference!

We build this community through restoring lives one story at a time through Jesus Christ as we serve, equip and connect. The philosophy "one story at a time" is at the core of everything we do at Restoration Church. I don't believe you can bring someone to Christ effectively without taking the time to get to know them.
