About the Family

The Brown family lives in Philadelphia a short distance away from the Cedar Park section of University City. They have been married since 2008. Joe and Leesette have been involved in ministry together for the past six years. They have started Bible studies, worked with youths, and pastored a church located in Neptune, NJ.

Through their union, they were blessed with two children, Joseph (6) and Liam (4). As a family, they enjoy spending time at the local parks and eateries. Due to the boy's love for water and adventure, Sesame place has become a second home for the Browns.

About the Church Plant

In 2008, God burdened our hearts for our community. Through much prayer, God has led us to plant a church in the University City/Southwest section of the city. We have a passion for seeing every individual grasp that they are intrinsically valuable as an image bearer of God. We are a group of people who understand that we have been sent on mission to share the gospel with the lost and to make disciples who make disciples.

The University City section of Philly is rich in diversity and is known as the epicenter of the entire region. This area is made up of young professionals, college students, and young adults. It is our desire to see future leaders come to know Christ and be a part of the process of equipping them to live life on mission.
