VALLEY LIFE CHURCH | CAMELBACK (GRAND CANYON UNIVERSITY)

About the Family

I am Bryson, and my wife is Marlee. We have a 3-year-old son named Asher Ross and a 1-year-old daughter named Lively Rose. We also have a 487-year-old turtle named Tiny.

About the Church Plant

Valley Life | Camelback is a gospel centered church movement, planting next to the campus of Grand Canyon University to reach, train and multiply the next generation of ministry and marketplace leaders around the world. We will impact a campus that impacts the world for Jesus. Our vision is to make disciples and to plant churches.

Teaching hospital: We want Valley Life | Camelback to be a training hub for future ministry leaders, giving future leaders the tools and hands-on experience necessary to be fully competent and confident for various types of ministry.

Church planting: We want Valley Life | Camelback to be a flywheel for church planting. We want to give away our best leaders to plant new churches for maximum kingdom impact.
