About the Family

Marrying Itunnu is a great blessing from the Lord. Having grown up in a dysfunctional family, I had fears I might end up having a disastrous marriage, but God gave me Itunnu as a special gift for life. Itunnu and I got married on August 29, 2009. Before we got married, both of us knew the Lord was calling us to plant churches. Hence, with the support of Oluwatobiloba, we have spent the past seven years planting churches on campuses in Nigeria and building the next generation. Our marriage has withstood the test of childbirth delay and more. My wife and I are happily serving the Lord even as we trust Him for children.

Itunnu studied, trained and worked as an urban and regional planner in Nigeria with the Federal Ministry of Works and Housing. We have served the Lord together everywhere He has sent us, and she has always graciously and lovingly shown the willingness to even sacrifice her career in pursuit of our ministry.

About the Church Plant

Our church plant is called House of Hope For All Nations. Baltimore has become home to people from different nations, especially Africans. Millions of people from the nations of the world are trying to get into the United States because they believe they can find hope here. Hence, there is the urgent need to reach the nations with the message of hope that can only be found in only Jesus Christ.

House of Hope for All Nations is on a mission to reach the nations here in Baltimore with the gospel of Jesus Christ. Our message is Christ Jesus the hope of Glory for everyone no matter who they are, where they come from, what they have done, what their color is or their status.
